

YECHALE MULU

Health Informatics Specialist & Frontend Web Developer

Location: Hawassa, Ethiopia | Email: yechalemulu61@gmail.com | Phone: +251 96 067 5516 | LinkedIn: linkedin.com/in/yechale-mulu

PROFESSIONAL SUMMARY

Proactive Health Informatics professional and Frontend Web Developer with hands-on expertise in health information platforms (DHIS2, Electronic Medical Records, Pharmacy Software), healthcare data quality analytics, and web technologies (HTML, CSS, JavaScript, SQL). Demonstrated track record in evaluating digital health solutions at Hawassa University Comprehensive Specialized Hospital, developing mHealth research frameworks, and leading campus community projects. Adept at bridging technical web engineering with healthcare workflows to drive digital health transformation.

EDUCATION

B.Sc. in Health Informatics

2024 – February 2027 (Expected)

Hawassa University — Hawassa, Ethiopia

Key Coursework: Health Information Systems (HIS), DHIS2 Configuration, EMR Systems & Architecture, Health Data Quality Assessment, Database Management Systems, System Analysis & Design, Web Programming, Biostatistics.

CORE TECHNICAL & PROFESSIONAL SKILLS

Digital Health Systems	DHIS2, Electronic Medical Records (EMR), Pharmacy Management Systems, mHealth Solutions, Data Quality Assessment (DQA)
Web & Database Technologies	HTML5, CSS3, JavaScript (ES6+), SQL, MySQL / PostgreSQL, Responsive Web Design, REST API integration basics
Research & Analytics	Healthcare Research Proposal Design, Quantitative & Qualitative Data Analysis, Survey Instrument Formulation, System Usability Evaluation
Leadership & Soft Skills	Project & Event Coordination, Technical Report Writing, Campaign Design & Graphic Promotion, Stakeholder Communication, Problem Solving

PRACTICAL EXPERIENCE & PRACTICAL ATTACHMENT

Health Informatics Intern / Technical Attachment

2025 – Present

Hawassa University Comprehensive Specialized Hospital (HUCSH) — Hawassa, Ethiopia

- Conducted detailed observational assessments and technical evaluations of operational digital health platforms, including hospital Electronic Medical Record (EMR) systems and digital pharmacy management software.
- Analyzed health data entry workflows, identified system bottlenecks, and evaluated data quality metrics to improve reporting precision and operational efficiency.
- Compiled a comprehensive technical attachment report detailing software architecture, operational challenges, data security protocols, and strategic system optimization recommendations for hospital leadership.

ACADEMIC RESEARCH & TECHNICAL PROJECTS

Lead Researcher — Mobile Health (mHealth) Readiness Assessment

2026

Hawassa University Comprehensive Specialized Hospital

- Authored a comprehensive research proposal assessing healthcare professionals' readiness and willingness to adopt mobile health (mHealth) applications in clinical workflows.
- Formulated theoretical research frameworks, sampling methodologies, and multi-variable questionnaires measuring digital literacy, infrastructure availability, and perceived software utility.

Frontend Web & Database Development Projects

2026

Independent & Academic Projects

- Designed and developed responsive, user-friendly frontend web interfaces using HTML5, CSS3, and JavaScript, ensuring cross-browser compatibility and clean UI accessibility.
- Implemented database tables and SQL queries for data management, user authentication simulation, and record management workflows.
- Engineered promotional and visual design assets for campaigns using modern graphic and layout tools.

LEADERSHIP & COMMUNITY INVOLVEMENT

Student Council Member 2025 – Present

Hawassa University

- Serve as an elected representative on the university student council, voicing student concerns and collaborating with administration on academic and welfare initiatives.
- Participate actively in student governance elections, drafting leadership manifestos focused on improving digital resources, academic support, and student welfare.

Ambassador, Ethiopian Health Professional Student Association (EHPSA) 2025 – Present

Hawassa University Chapter

- Represent EHPSA on campus, promoting the association's mission and encouraging fellow health science students to engage in professional development activities.
- Support outreach, membership recruitment, and coordination of association events and initiatives at the university level.

Campaign Organizer 2025

Hawassa University

- Coordinated a campus-wide environmental cleaning and sanitation initiative at the Hawassa University Health Campus, overseeing volunteer teams and designing promotional materials and posters.
